As a technical and mechanical enthusiast from a young age, I've always been drawn to understanding how things work and pursuing the solutions when they don't! Curiosity has led me to understand a broad range of technologies and I'd like to continue my journey within a skilled team that I can learn from and grow with.

EXPERIENCE

June 2015 to September 2020

Construction Project Manager *WARNERS*

- As project manager for the family construction business my duties included sourcing new opportunities, directing logistics and overseeing projects from beginning to end.
